## Multifishing sessions (trolling, baiting, bottomfishing...)

Whether you are an experienced angler or a pure beginner, we offer the ultimate fishing experience aboard Black Marlin. You can also mix different sessions in order to build your «taylor made» fishing trip of your lifetime !

## Jigging

For those who wish to jig, you can have the best tackle available: Shimano Stella 14000 with Ronin Rod are included. Only if the tackle is lost or broken, payment would be expected. The first jig however would be free (1 per person per day). We have a wide selection of 200 to 400gr jigs (20euros each). Please feel free to contact us for any advices if you want to use your own equipment.

Liability release agreement must be signed prior to boarding for trip over 1 day fishing. In case of extreme circumstances, Rod Fishing Club reserves the right to change its rates, times and program without notice or payment. According to weather conditions, if we have to cancel one or several day and/or night fishing , we will give you a credit valid two years.

**Conditions of settlement: 50% at booking and the balance 1 month before your trip.**
